If we use CB&I for this project, we have funds remaining on Ida and May Cooperage – I think we should have at least \$500,000 remaining on the contract that could be moved from these 2 - we discussed this being one benefit of using CB&I – OR we could deob and request the funds back if you would like so they are available for any site.

If we use CB&I – do you want to reduce the amount we obligate by this \$500,000? thanks
